6JBK-RD-30K-90CRI-MW
6", 10.9W, 850 lumens, 3000k,
Replaces up to 100W Inc.

Lithonia OneUp™ are quick and easy-to-install direct-wire downlights that feature a unique "canless" design. These all-in-one LED fixtures include an integrated junction box for direct wiring, require no tools (other than a hole saw for your ceiling cutout) and take less than 1/3 of the time to install versus a conventional incandescent can. Available in 3", 4", and 6" round. Dimmable down to 10% - see specifications for factory-recommended dimmers.

THINK OUTSIDE THE CAN and choose the one solution that has it all... **Lithonia OneUp™**.

The QTE LED floodlight is ideal to replace up to 500W Halogen lamps and comes with knuckle or yoke mount options. This is an extremely cost-effective solution, great for illuminating yards, driveways, signage, patios, warehouses, and security applications.

In Stock!
